DANGER NOT ENTIRELY PASSED, COMMITTEE

But the Outlook for a Settlement is Brighter.

Pennsylvania Trainmen's Grievances Discussed and Conference Will Continue Today.

Philadelphia, Jan. 21.—A strike of the freight trainmen in the employ of the Pennsylvania Railroad on the lines east of Pittsburgh and Erie has been delayed, if not entirely averted, by the presence in this city of Grand Master P. H. Morrissey, of the Brotherhood of Railroad Trainmen.

It was expected that definite action would be taken yesterday at the conference between General Manager Atterbury, of the Pennsylvania Railroad, Mr. Morrissey, Mr. Lee and the Board of Adjustment, but after an interview of two and a half hours' duration it was announced that the conference would be continued today. At the conclusion of yesterday's conference the following joint statement was issued by Mr. Atterbury and Mr. Morrissey:

"At the meeting today the situation was again gone over. No new propositions were made, and the situation stands practically as it was, but the conference will be resumed tomorrow. The conference of today was largely to enable Mr. Morrissey more thoroughly to familiarize himself with the question at issue from the company's standpoint."

The evident willingness of both sides to meet each other half way, it is believed, will open up an avenue through which a strike may be averted.

At the conference yesterday Mr. Atterbury again submitted his former proposition which was as follows:

"I will agree to stop all compulsory firing on all divisions except on

such divisions where the superintendent may feel that the fireman requires assistance by the brakeman.

That will be between specific points or for a specified distance. He will be paid at the same rate per hour as the fireman receives, not in addition to his own rate; that is, he will not get double pay, but he will receive the fireman's rate only. He will not be held responsible for his duties as a brakeman during the time he is firing, and, should he elect to become a fireman, such time as he may have put in firing in this way will be credited to his seniority record."

The principal opposition of the trainmen is to the principle of compelling one class of men to do the work of another class.

If the company can be induced to accept the proposition to employ additional firemen's helpers it is understood that the offer will be satisfactory to Mr. Morrissey. Another meeting of the Board of Adjustment is being held this afternoon.

DISMISSED.

Harry Watts, charged with assault, was dismissed in police court this morning.

Clarence Reed was arrested at the instance of Truant Officer Povenmire for truency and will have a hearing before Judge Miller this afternoon.

HASKELL SUED BY WIFE

Says She Tired of Abuse of Embezzler and Ex-Convict.

Bowling Green, O., Jan. 21.—Wm. S. Haskell, the former attorney and prominent man of affairs of this city, who pleaded guilty to embezzlement about a year ago, and who has just completed a term in the penitentiary for the offense, is defendant in a suit for divorce brought by his wife, Eliza Haskell. Mr. Haskell, prior to his sudden fall from grace about two years ago, when he absconded with funds entrusted to him as administrator of an estate, was one of the most respected men in the community. So high had he stood in the estimation of his family and friends, that when he was at last caught in Dakota and brought back here to face the indictment returned against him by the grand jury, his people met him sympathized with him, and treated him with every consideration. His friends on that occasion did all they could to encourage him, and on his plea of

JUDGE THREATENS NEGRO WITH LASH

Because He Broke Window to Win Arrest and Shelter From Cold.

Columbus Grove, Jan. 21.—Judge M. Donnelly, of the Putnam county common pleas bench, departed from the ordinary routine of matters in sentencing Charles Bradley, a curly negro, to the workhouse at Toledo for 30 days, for malicious destruction of plate glass windows in several business houses at Leipsie.

The judge asked the sheriff if he had a strong man and a good black

snake whip at hand, and told the negro he had a mind to have him given a good flogging. The colored man pleaded not to be lashed and gladly accepted the workhouse sentence.

After vainly endeavoring to enlist the efforts of the Ottawa and Leipsie marshal to lock him up away from the cold, raw winds, the sleet and the snow, Bradley broke the windows to secure, through arrest, the warm quarters he desired.

Russel Shafer, Charged With Murder, Arraigned.

court, pleaded not guilty to the charge and his trial is set for the February term, when he will have a chance to prove his claims. The trial begins on St. Valentine's day. Meanwhile Shafer languishes in the county jail.

"WEAR SHORT SKIRTS? WELL, I THINK NOT!"

Jersey City Teachers Find Indignation Due to Joke Microbe.

New York, Jan. 21.—"Wear short skirts? Well, I think not." "Microbes on our skirts and brought to school by us? Fudge!" "Well, the wear things! It's none of their business, anyway."

"Why don't they make their own wear short skirts?" "Coward!" And the group of indignant Jersey City teachers yesterday occasionally managed to punctuate the general hubbub sufficiently to make their particular views of the school board's supposed effort to make them wear short skirts heard.

The school board had discussed the healthfulness of the short skirt and that the pupils in the public schools would be less subject to the dangers of microbes if long dresses trailed through the streets are not brought into the school rooms.

The teachers understood the board had adopted the short skirt plan and met in protest. Last night, however, they learned that the board had repudiated the idea and announced that when had come so near precipitating trouble had only been begun as a joke. So there will be no short skirts, and the teachers are happy.

UNDER AN ANCIENT GRANT

Ohio State University Lays Claim to Farming Land in Logan County.

Bellefontaine, O., Jan. 20.—The Ohio State University's claim agent, Alexis Cope, has stirred up trouble in Logan county by entering claim to more than 1,000 acres of fine farming land in Jefferson township which he claims was given to the university by act of the legislature from lands which had been set aside for educational purposes when the northwest territory was organized in 1787.

The State University does not own any lands vacated nor the prevailing price of \$100 per acre as provided in the statute which gave them a claim in the property many years ago. The owners of the lands think there is something about the claim that does not look just right and they are going to resist the request of the university, in the courts, if necessary.

Dropsy Treated Free

\$2.50 Worth of New Treatment Will Be Sent Free by the Well Known Specialist Frank H. Miles, M. D., LL. B.

At first the disease is a painless, harmless, but dropsy, a little swelling of the eyelids or hands or a slight swelling of the feet, ankles or abdomen. Then there is great shortness of breath, swollen spalls, sitting up to breathe, cough, faint spells, sometimes nausea and vomiting, even bursting of the limbs and if not relieved a lingering and wretched death.

Dr. Miles is known as a leading specialist in this class of diseases for 25 years. His liberal offer is certainly worthy of serious consideration, another opportunity may not occur.

Each treatment consists of his Grand Dropsy Cure, which includes the three best dropsy remedies in one. Tonic tablets, a box of Paralava for regulating the bowels and removing the water. This treatment is at least three times as successful as that of most physicians.

Mr. R. Timmer, of Green Springs, Pa., writes: "Your Special Treatment cured Mr. T. of serious heart disease and dropsy after many physicians had pronounced her case hopeless."

Mr. M. B. Moran, of Rogers, Ohio, says: "Dr. Miles saved my life by curing me of that awful disease, dropsy and heart trouble. I suffered terribly." Mrs. Sophia Snowbird, of No. 282 21st Ave., Minneapolis, testifies: "Three days after commencing treatment for dropsy it was nearly all gone, after two allopathic and two homoeopathic physicians had failed. Mr. A. P. Colburn, of Blessing, Ia., writes: "Dr. Miles' Treatment has performed a miracle for Mrs. C. after her leg burst from dropsy."

As all afflicted readers may have his Dropsy Book and a \$2.50 Treatment, especially adapted to their case free, we would advise them to send for it before it is too late. Write him at address, Dr. Frank H. Miles, Dept. D, 719 to 729 Main Street, Elkhart, Ind.

Washington, D. C., Jan. 20.—The interstate commerce commission has issued a report on railroad accidents in the United States during the months of July, August and September, 1904, showing 228 passengers and 181 employees killed and 211 passengers and 1,793 employees injured in train accidents.

Other accidents to passengers and employees, not the result of collisions or derailments, shows the aggregate casualties for the quarter up to 1,012 killed and 1,207 injured. There were 1,439 collisions and 1,121 derailments, the damage to cars, engines and roadway being \$2,419,071.

SNOW AND COLDER SAYS PROF. COX

High Area Approaching From Northwest, With Much Lower Temperature.

There will be a genuine cold wave gripping the entire west and northwest by tonight, and it is likely that the same cold wave will board the Boreas limited and whirl eastward to freeze the last few days' humidity in the east.

If the cold wave don't get east by Monday or Tuesday it will mean that the Wind limited got ditched on the REUNION.—THE BOYS AND GIRLS

OF FIFTY YEARS AGO SHAKE HANDS IN MONROE DIST. 1.

Dist. No. 1, Monroe township, held a reunion, Saturday, Jan. 14, 1905, of the old school mates that attended from 1844 to 1865. "One who was there" writes of the hospitality and hearty handshakes of these old school mates that makes us almost homesick and we think of many a one whom we had almost forgotten.

The day was all that could be desired after the little storm of snow and by 11 o'clock the house was crowded, and the audience was called to order by the Hon John P. Bailey, of Ottawa. A song and a prayer by W. P. Cook and the organization followed. Henry Cupp, chairman, and J. O. Bailey, secretary.

The address of welcome which was given in a hearty manner by the chairman was followed by a history of the school by Isaac Campbell from the year 1841 to 1865 in which incidents the teachers' names and salaries helped to make it very interesting to those in attendance. The first teacher received less than \$20 for a three months' term. An old fashioned spelling school conducted by Mrs. Ann Stewart Huffman, who taught away back in the fifties, and which proved quite an interesting exercise viewed from the vantage point of the 20th century.

The audience was dismissed and kindly asked to give room to the ladies for a little while. Tables were prepared and baskets brought forth and it dawned upon us that it was already high noon and when the ta-

way and the cold wave ran up against the dim and shadowy distance in the more nearly remote west.

To help along the cold weather promised for tomorrow, the wind will start to blow up out of the southwest, but soon will change to northwest and north and carry several degrees of frigidity with it.

bles were loaded down with good things to eat we concluded that this was that part of the program that we could take part in and—we did.

The afternoon session opened by Mrs. Isaac Campbell telling "How we studied geography," was amusing compared with our methods. Julius Ogden, of Ottawa, gave a very practical talk after which followed "Reminiscences" by J. P. Bailey. The latter began to tell of when he studied with his A. B. C's and spelling, the different games played, snow balling, etc., and the way they were related was immensely enjoyed.

"Then and Now" was discussed by Samuel Stewart in which he plainly showed the progress that has been made in common school education.

The roll was called of those that attended school during the mentioned time and those present answered to their names. Letters of regret were read of those who could not be present and a general discussion followed. It was suggested that another reunion be held but no definite time was set.

The exercises throughout were interspersed with music and recitations by the school, which added materially to the success of the reunion. It did one good to see the happy greetings and warm handshakes of these old schoolmates. Some of them not having met for almost forty years. It certainly was a profitable gathering and we do not believe anyone regrets the time spent and the effort put forth to attend this meeting. I am sure the writer does not count the day lost and I wish I could meet my living schoolmates of forty years ago.

BRYAN AFTER HIS OLD JOB

Urges Democracy to Return to Him.

Is Sounding Party Leaders—Assurances Given That His Return to Leadership Would Be Warmly Welcomed.

Washington, Jan. 21.—William Jennings Bryan fresh from his recent conference and interviews in Indianapolis with Thomas Taggart, chairman of the Democratic National committee, is in Washington. To several Democratic representatives with whom he has talked, Mr. Bryan reiterated his recently expressed views of Democracy's needs.

He believes that the party requires no re-organization, but only an unqualified return to the radical position it occupied in the campaigns preceding 1904.

Seeks Old Position.

Mr. Bryan is understood to have in mind the sounding of his friends in Congress on the methods for bringing about this return. Many Democratic representatives and several senators are his warm friends and supporters. Bryan is said to have received assurances that his strength as a national standard bearer is unimpaired, and his return to leadership will be heartily welcomed throughout the ranks of the party.

It is possible that the former "peerless leader" will call on President Roosevelt. Mr. Bryan has recently complimented the president on his tariff and commerce views, and may pay him a visit to tell him these things in person.

H. S. MOULTON,

It is stated that the works of Balzac are to be removed from one of the leading public libraries of Brooklyn, and no doubt this is just the kind of advertising that the publishers of that great novelist's masterpieces will best appreciate.

Perhaps this country will presently secure a national marriage law and national control of divorce. It is beginning to be evident that marriage is no longer looked upon as a national question.

A Michigan professor says no girl should marry unless she is sure her husband can support her. And a New Jersey minister advises girls not to marry any man until they know his past. Are these men determined to discourage matrimony?

It is stated that the works of Balzac are to be removed from one of the leading public libraries of Brooklyn, and no doubt this is just the kind of advertising that the publishers of that great novelist's masterpieces will best appreciate.

The girl who works
And never shirks
The simple duties of her station,
If she's but neat
And a trifle sweet,
Is the best girl in the nation.

The working girl
Is a priceless pearl,
Though to her fate may be cruel;
Yet men of taste
Pass up the "paste"

And pick out this rare jewel.
The girl who works
And never shirks,

Who at her duties does not tarry,
Need not fear she
Will an old maid be,
For she's of the sort men marry.

THE RAILROADS

Once more the rumor has been started that A. J. Smith, general passenger agent of the Lake Shore railroad, is to be made passenger traffic manager of that road and that he is to be succeeded by C. F. Daly, chief assistant passenger agent in Chicago.

Mr. Daly was in Cleveland Thursday and, while there is ordinarily nothing strange about the visit of an assistant general passenger agent to the office of his chief, the rumor was started at once. The Vanderbilts have never yet elevated any of their general passenger agents to the position of passenger traffic manager and as the New York Central is the parent line and George H. Daniels, general passenger agent of that road has been with the property many years and has the confidence of his superiors to the same extent as Mr. Smith it is believed that Mr. Daniels' elevation would come first and might be followed by the promotion of Mr. Smith.

The Cleveland Leader is authorized to say the statement that there is to be a change in the methods of the Lake Shore passenger department and that a general effort is to be made to get business by Lake Shore representatives.

Mr. Daly was formerly general passenger agent for the L. E. & W. Ry.

New York, Jan. 20.—The Wall Street Journal tonight publishes the following:

The advance of the Pere Marquette stocks indicates that the Cincinnati, Hamilton and Dayton railroad will soon take action in caring for the securities of that road.

As the matter now stands the Cincinnati, Hamilton and Dayton practically guarantees the 4 per cent dividends on Pere Marquette preferred stock while nothing has been paid on Pere Marquette common stock, although previous to the securing of control of that property by the C. H. & D. it was paying 4 per cent on its common stock and earning between 5 and 10 per cent.

The Cincinnati, Hamilton and Dayton purchased outright 110,000 shares of Pere Marquette common stock held by a syndicate, paying the equivalent of \$110 per share therefor in C. H. & D. bonds and stock. It is believed that early action will be taken toward securing the remaining 26,000 shares now in the hands of the public. When that is done probably some C. H. & D. stock will be given for Pere Marquette 4 per cent preferred stock and a Per. Mar. note the last of those bonds and properties will lose its value.

It is stated that who was largely responsible for the reorganization of the Cincinnati and North Michigan, the Detroit Grand Haven and Western and the Flint and Pere Marquette railroads their consolidation into the Pere Marquette, and the sale of the latter to the C. H. & D. is now seeking rest. He sailed for Europe last Tuesday.

FORAKER MEN WILL PUT UP A FIGHT

Time is Ripe for Turning Out the Bosses They Say.

Columbus, Jan. 21.—There is every indication that the followers of Senator Foraker do not intend letting up on their fight against the re-nomination of Governor Herrick simply because George B. Cox and other big leaders have declared for the Governor.

These Foraker men say that the statement of William G. Harding immediately following the declaration of Cox is to be accepted as a defiance and they insist that Harding will go before the state convention next summer, and that the only way that he can be gotten out of Governor Herrick's way is to be whipped out by the delegates chosen by the people.

The anti-Herrick campaign slogan is to be that the bosses should not be permitted to rule all the time, and that this is a pretty good time for the people to assert their rights to name the candidates for their offices. They will also make all the capital they can out of the statement of Cox that, while he believes that Herrick should not ask a re-nomination, yet he is willing to support him.

According to present plans the hunt of the fight is to come in Cuyahoga and Franklin counties. The Foragerites believe that if they can

Deposit now with the Lima Home and Savings Association and share in the high dividends it is paying. The dividends that declared amount to six per cent, compounded semi-annually, for the year 1904. For about sixteen years it has paid its stockholders at least six per cent, compounded semi-annually. Any amount received at any time. Office in the west side of the Masonic building, Lima, Ohio. W. THIS is the day of the natural waisted woman. The W. B. Erect Form has changed the American figure. It has supplanted discomfort with ease—it has banished the impossible and exaggerated figure produced by the old corset idea. It removes the strain of lacing from the sensitive parts of the body and throws all pressure upon the hips and the strong back muscles, supporting the stomach within the corset and not forcing it below the garment. The Erect Form is made in more models than ever before. There are forty distinct styles of this popular make, each meant for a distinct type of woman. Dealers in all sized towns and cities the land over, sell the Erect Form. Prices range upward from \$1.

"My own little personal experience of being relieved of deafness, caused by a siege of catarrh, warrants me in advising all the afflicted to just try Peru-NA."—A. M. Legg.

Col. Shattwell of Washington, D. C.
Writes: "I commend Peru-NA as a most agreeable as well as effective medicine. Catarrh and catarrhal colds are checked and generally cured by a judicious use of it. It is a good promoter of digestion and is an excellent remedy for a weak stomach. It tones up the appetite and is not at all disagreeable to take."—Nathaniel Shattwell.

Captain Sypher of Washington, D. C.
Writes: "After suffering for years with neuralgia, I was persuaded by a friend to use your remedy, Peru-NA, and after giving it a fair and thorough trial, I can now cheerfully recommend Peru-NA to any one who is suffering with neuralgia. It is also an excellent tonic."—J. H. Sypher.

Brig. Gen. Gibson of Washington, D. C.
Writes: "Peru-NA is not only a remedy for colds and catarrh, but also an admirable tonic and should be in every household. I commend its possession and use to all persons. Am using it myself with good results."—A. S. Gibson.

Flattery and Flatterers.

"We sometimes fancy we hate flattery, when in truth it is the manner of it we dislike," said La Rochefoucauld. Stripped of its cynicism, and saying comes to this: that while praise is eternally pleasant, there are fractions in flattery, and those fractions change very completely. Flattery is innocent or despicable, not according to whether or not it oversteps the limits of accuracy, but whether or not it proceeds from an interested or disinterested motive. There are moments when a true statement of nonoffensive fact made for the selfish purpose of the speaker may be gross flattery, while an exaggerated speech may be justified by its good intention. The real question is the only test by which we can divide the contemptible from the harmless kind. Surely there is less of the worse sort than there was—or do we but flatter ourselves?—The Spectator.

TOWARD THE LIGHT.

Set your face toward the light, And this blessed truth you'll find: Matters not about the shadows, for They'll always be behind.

And as you journey on your way This fact you'll oft remark: If your face is toward the sunlight You'll never see the dark.

Don't mind the sorrows of the past— Don't try to bring them back— Just keep on hoping for the best, And no blessing will you lack.

Yes, set your face toward the light, And this blessed truth you'll find: Matters not about the shadows, For they'll always be behind.

Y. M. C. A. DOINGS

Sunday afternoon at 2:45 Oscar Frey's orchestra will render the following program:

March, "Yours Truly."

"Dry those Tears," by Del Ringo.

Selection from Erminia.

Anytime chorus.

The men's meeting at 3:15 will be addressed by Rev. J. M. Scholes of the Wayne street Church of Christ. He has attracted large crowds to his church every evening for some time. Every man who can should hear him Sunday afternoon, subject "Man and the Kingdom."

(Concert tonight by orchestra, Mr. Henry Osgood leader, 7:30 to 9 o'clock.) Every member is invited to be present.

The one who thinks the Y. M. C. A. is not a social center should have seen the way the boys of the Get-Two club enjoyed the banquet given by the Japs to the Russians on the night of January 15th. A full account of this affair has appeared and the chief object of this article is to call to mind the fact that the Get-Two club will continue to live.

It was determined at the banquet that the club should meet at supper once each month, and that all new members who joined during the preceding month would be invited to the supper, making it a kind of an initiatory affair where the new members may become acquainted with the old; they may get a better insight into the real purpose of the Association and his own privileges and duties. It was suggested further that each member of the Get-Two club do his best to interest one new man for each month and bring him to supper. This plan will surely be the means of making the new member feel that he is a part of the Association he has joined, and that he has not only privileges but duties—that he can GIVE as well as get.

All of those members of the Get-Two club who have thus far failed to get their two will have until May 1st to fulfill this pledge.

Monday 4 to 6 p. m., business men's class.

The attendance at this class is rapidly increasing. Many new members from Lima's business men are now beginning to take up the work. This is a good time for others who have not started this season to do so when there are a number of other beginners.

The exercises given are light, not carried too long and of a very interesting character.

7:30 to 9:30, Men's Class.

Exercises for the development of strength, skill and endurance are practiced. A fine class for clerks, mechanics and young men generally.

Tuesday 3:45 to 5:00, Elementary Juniors.

The tests are over for this month. Class will now be divided into groups for apparatus work.

6:30 to 7:45, Intermediate Class.

Especially for boys 15 years of age. 7:45 to 9:30, Senior Class.

This has so far been a very popular class for young men from 16 to 19 years of age. Lots of benefit, lots of fun.

Wednesday, 4 to 6 p. m. Business Men.

8:00, boxing class.

8:00, basket ball.

Toledo, Ohio, December 31.—The year of 1904 has been one of the greatest years in the history of crude oil in the Trenton limestone fields of Ohio and Indiana. While more wells have been completed in former years the price of the crude product has remained good during the entire year. In the two states during the year of 1904 there were 7,450 new wells drilled, of which 582 failed to produce oil, but in many instances were gas wells. With all the wells completed the production shows no material increase, and but a little more than it was a year ago. Still, the trade has been content and has realized handsomely from their investments.

The industry has grown so rapidly that it is a giant in itself. The producers of oil are farmers who are receiving their royalty are more than prosperous. It is safe to estimate the amount paid for oil in the two states to be close to \$30,000,000 for the year. It has lifted many a mortgage from the farm and made the farmers and their families happy. It has also paid for many a fine city residence. The wells finished during the year at an average price of \$2,000 each, represent an outlay of \$14,900,000 alone, to say nothing of the other expenditures. The past year shows considerable activity in the newer fields of Kansas, Indian Territory and Oklahoma, where the new production will reach close to 25,000 barrels a day.

The wells of the two states for the year of 1904 were divided as follows:

State	Comp.	Prod.	Dry.
Indiana	4,049	78,115	577
Northwestern Ohio	3,401	39,098	305
Totals	7,450	117,213	882

The year of 1904, now closing, has been one of the greatest years in the history of the Indiana oil field. Fewer wells were completed than in 1903, but the production of 1904 proved much greater, than the production of 1903. The famous Muncie field was practically opened during the early part of 1904, and the deep sand pools have been made the mainstay of the Indiana field for the season. Great county completed over 100 more wells than in Delaware county, but the Delaware county production was over three times greater. The other leading counties were: Wells, Jackson, Jay, Adams, Huntington and Randolph. An attempt has been made to find a paying field in the southwestern part of the state, in Gibson and Adams counties, but so far the wells have been small and the operating expensive.

During the year of 1904 there were 4,049 wells completed in the state, of which 577 were either gas wells or dry holes. The daily production of the state is increasing rapidly, which is encouraging.

The following table exhibits the wells completed each month, with the daily production and dry holes in the Indiana field during the year 1904:

Month	Comp.	Prod.	Dry.
January	287	4,081	87

Charles Major gave to the great world of readers one of the most charming books of the age in "Dorothy of Vernon of Haddon Hall." Paul Kester dramatized it, with telling force, but it remained for Bertha Gailand to secure the greatest success of them all, for she won with the play the most pronounced dramatic conquest of last season. With the unusual record of engagements in five New York theatres in one season, this charming, young actress whose meteor-like advancement has placed her in the front ranks of American stars comes to the Faurot soon with a notable company and a gorgeous scenic production.

The Only One of Its Kind.
Frank Deshon's own part is the tramp in "Miss Bob White." Frank Deshon enjoys the distinction of having been the only Billy Van Millon to appear in Willard Spencer's comedy opera, "Miss Bob White," which has been a good money maker for Nixon & Zimmerman for the last five years. He played the humorous tramp more than one thousand times.

Deshon is a Southerner, having been born at Charleston, S. C., and reared near Savannah. He has been in the theatrical business as a comedian since boyhood. He has a long term contract with Nixon & Zimmerman, and is regarded as one of that firm's strongest figures.

Next year he will be played at the head of a new opera now being written by Raymond Peck and Robert Hood Bowers, authors of "The Maid and the Mummy."

He and all the favorites will be seen, when "Bob" appears here in a few weeks.

GRIMES.

at the Park Theatre, Philadelphia, recently, she was accosted by a man in a side street near her hotel, who asked her for ten cents to get something to eat. She opened her portmanteau, and was about to pick out the coin requested when the bag was rudely wrenched from her grasp and a hand on her throat caused her to divine that something was doing. She was told to shut up and not make a noise or she would be killed, and as her windpipe was by this time pretty well contracted she thought she wouldn't say anything but she was thinking and thinking a lot, and the subject of her thoughts was this—in that bag is some money, but that I do not care much about but—Great Scott! my diamond-studded brooch given me for the athletic championship, and here I am being held up by a poultry man, and with this she doubled up her fist and gave Mr. Robber a Solar Plexus that would have done credit to Fitzsimmons, and with the disengaged hand she grabbed the bag and ran before her assailant could recover from his astonishment. She was yards away and sprinting for all she was worth. She reached a well lighted part of the street, and glanced back; the man was nowhere in sight. At this stage of the game it would be the cue to have a good cry, but she didn't—she just went to the nearest drug store and had an ice cream soda.

Tuesday, "The Peddler."
Thursday, "Hoy's 'A Bunch of Keys'."
Saturday, "Out of the Fold."

Were you ever in New York city? If so, you could but admire the faithfully portrayed characters, as presented in Sullivan, Harris and Wood's production of "The Peddler" which will be seen at the Faurot opera house next Tuesday night. If, on the other hand, you never saw New York, then the play itself is the thing. The different nationalities are portrayed by a superb acting company, headed by Sam Thorne, the well known Hebrew comedian will surely interest you, as will the scenes of daring, crime, violence, pathos, comedy and humor in which the play abounds.

It, your taste is not for scenery, then the play itself is the thing. The different nationalities are portrayed by a superb acting company, headed by Sam Thorne, the well known Hebrew comedian will surely interest you, as will the scenes of daring, crime, violence, pathos, comedy and humor in which the play abounds.

Hoy's "A Bunch of Keys" polished up to date, will be presented at the Faurot opera house next Thursday night.

The piece is well known to the theatre-going public and nearly every one has either seen or heard of "A Bunch of Keys," the funniest of all comedies, which abounds in the most ridiculous situations, witty sayings and music of the kind that receives four or five encores. The company consists of mostly all new talent this season. There is an abundance of bright music, and songs, pretty costumes and appropriate stage settings, etc.

There is hardly a city in America that has a theatre where there is a theatre-going public but what the name of Charles H. Hoyt is almost a household word. This well known author is to a degree the father of farce comedy. The first time his name was brought prominently before the public was when "A Bunch of Keys" was first produced. The "Keys" was a success and it made more people laugh than any other production in farce comedy. Its annual visit is always looked forward to with pleasant anticipations in the cities where it has been before, because those who have witnessed the performance know a good long laugh is in store for them. Theatre goers never grow tired of the comedy. "A Bunch of Keys" will this season be produced on a grand scale by Gus Bethauer, who has engaged an excellent company to produce this excellent comedy. The piece has been polished up to date, and special attention has been given to the specialties, which will embrace several new features among which a burlesque will be given by the Acme Quartette. The musical numbers will also be a feature.

"Miss Bob White" a comedy opera by Willard Spencer whose "Little Tycos" and "Princess Bonnie" are still whistled and hummed in every household, has in his third opera outspensed himself and Messrs. Nixon & Zimmerman, the famous managers who will present the Spencer opera in this city in a few weeks, have given that work the most complete, luxurious and surreptitious mounting ever accorded a Spencer opera. It is complete, delightful and picturesque, but not overdone or overdone and the lavish expenditures

"Buster Brown" is it. He arrived in Boston at the Malythe theatre last evening, with Tige and the others of his family, and captured an immense audience so completely that they forced upon him nine curtain calls and then obliged him to make a speech. Buster and Tige own the town today, and could stay in Boston indefinitely and not wear their welcome out. There are many new specialties of merit, but Master Giovanni as Buster is it, and one needs an insurance policy against punctured ribs, for he simply compels laughter. It is the best "boy act" seen in Boston for many a day."—Boston Herald.

Basket Ball Game at Auditorium.

The Kenton High School Girls Were Shut Out.

IN ONE OF THE FASTEST AND MOST INTERESTING GAMES OF THE SEASON.

The noisiest and probably the largest crowd yet turned out in Lima for a basket ball game was at the Auditorium last night and uproariously cheered the fair representatives of Lima High school to victory. Although Kenton produced a very comely aggregation of ball eaglers, good looks were not sufficient to win the game and the Lima High school girls basket ball team was returned the winner by a small margin.

True the counting tallies were all made on free throws but Lima's ability to produce a better artist in this line was what won the game. Principal Jiles, of Kenton High, officiated as referee in the first half and was afforded a strenuous time keeping in the wake of the ball.

Miss Wilbur made the first score of the game in a free throw and before the end of the first half followed it up with another. Miller Landick relieved Prof. Jiles in the second half, and here again Miss Wilbur added another to Lima's side of the ledger on a free throw.

Kenton failed to score although offered almost as many chances on fouls as Lima. Miss Simpson at center had her hands full in taking care of Miss Scheidhouse and rough play resulted in several penalties. Thera Morris Lima's crack forward also had an opponent worthy of her steel.

A Testimonial.

Mrs. E. P. Wilkins, 831 west Spring street, Lima, Ohio, says: "I had Mr. Hughes fit my eyes with a pair of bifocal glasses with which I can read or sew and enjoy good distant vision without change of glasses. My glasses are perfect in fit, elegant in appearance and in every way perfectly satisfactory. I heartily recommend his work." Remember the place.

Of the Schools at Toledo.
Supt. C. C. Miller's

Name is Mentioned by Toledo Papers—The Present Superintendent of

SCHOOLS IN THE MAUMEE CITY IS UNDER CHARGES—PROBABLE THAT MR. MILLER WILL SEVER HIS CONNECTION WITH THE LIMA SCHOOLS IN JUNE.

The following is from the Toledo Times and concerns the well known Lima educator, Superintendent Miller of the public schools:

"A rumor that the name of C. C. Miller, at present superintendent of the schools at Lima, Ohio, was being prominently pushed forward for the same position here created a sensation in educational circles yesterday. It is known that Mr. Miller's term at Lima is likely to be terminated in June. A dispatch from Lima to The Times last night said that Miller will not be re-elected there and that it is understood that he is a candidate for the position of superintendent in Toledo.

Miller Recommended Here. "President Watts said last night: 'I have had half a dozen letters from local people recommending Miller; I have also had as many recommending the present superintendent at Mansfield and some letters making other recommendations. Miller has not received any more recommendations than some others. The board has not considered the question of Mr. Chalmers' successor, nor do I think that any member of the board thinks that there will be a vacancy unless the charges turn out to be serious enough to justify dismissal and are clearly proven.'

"Mr. Haubold said: 'Miller applied as did some others a while ago, but I have not heard anything of him lately.'

"Mrs. Steinhilf said: 'I have heard nothing whatever of any such candidate as Miller.'

"Mr. Bartley said: 'I have received a number of applications for the position, but I do not remember any such name as Miller.'

"Mrs. Steinhilf said: 'I have heard that Mr. Miller has applied. I do not think that the board will appoint any local man, and I do not think that Mr. Miller would be appointed.'

A representative of The Times interviewed Mr. Miller at his home in Lima last night and asked whether he is a candidate, active or receptive, for the position of superintendent of Toledo schools. Mr. Miller declared that he did not know that a vacancy existed. The Times representative adds that it is generally believed in Lima that Mr. Miller is a candidate for the Toledo position and that his friends have already suggested his name for the position. It is generally accepted in Lima since the fall election that Mr. Miller will not be re-elected when his term expires on August 31. Members of the Lima Board of Education last night declined to state their position as to his re-election further than to say that they are not pledged to any one and that the election of a superintendent would not occur until June. One member of the board did say that in his opinion Mr. Miller would tender his resignation at the end of the school year.

AFTER SUPERINTENDENT.

Charges Filed Against Head of Toledo Public Schools for Circulating Papers.

Toledo, O., Jan. 21.—Formal charges were preferred this afternoon against Superintendent Chalmers of the public schools and hearing has been set for Saturday morning. The charges are merely that the superintendent in an attempt to influence the opinion of the board circulated

DRINKING GAMBLING

papers praising his own record and asking the parents to record their views for the benefit of the board. It is estimated that these charges if insufficient will be followed by others of a more serious character.

This is regarded as the climax to a fight for and against the superintendent that has lasted since the new board was elected in November. The members of the old board, friendly to the superintendent, were defeated by very large majorities and since that time there has been a clamor for the superintendent's head. He was hired by the old board just before the new code was passed, for a two-year term and it is feared that litigation will follow the dismissal.

The Many Allegations Made in a Sensational

Divorce Petition Filed Yesterday

Afternoon Against William Miller, the Well Known Oil Man

AND MARRIED "DON'T PUBLISH"—THE MOST SERIOUS CHARGE THE PLAINTIFF SAYS, IS TOO DREADFUL TO MENTION.

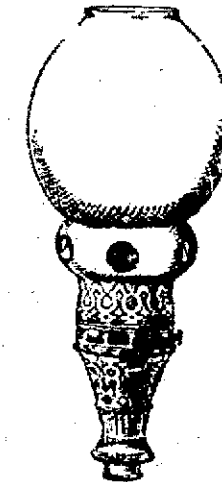

AS A RESULT OF PROPOSITION MADE TO HER SHE SHUNNED HIM AND THEY LIVED APART FOR SOME TIME.

Without a doubt one of the most sensational divorce petitions ever filed in the county clerk's office, was presented yesterday afternoon. The document was marked "Don't Publish" but the allegations being on the sensational order the request was ignored by a certain afternoon publication. According to the petition the couple were married in 1888 and have two children, aged respectively 18 and 10 years. From the petition it appears that their married life has been a frightful penance for her. She charges that her husband was very cruel to her, threatening her with bodily violence and on one occasion even raising his hand against her, and bruising her by dragging and pushing her about the room. However, all this is a privilege which many men think marriage gives them and it is not so far from the usual complaints of aggrieved wives. But she goes further by stating that he accused her of being unchaste and made it a point to spread this report about the neighborhood. He also warned her children against her, she says, and sought to alienate their affection for their mother by telling them she was unfit to associate with them. After denying these claims of her husband she sets forth the allegation that he is the one guilty of infidelity and accuses him of seeking the society of lewd men and women, spending his time in drinking and much of his money in gambling. But her gravest charge is one which is not stated. Propositions, she claims, he has made to her which are too dreadful to name in the petition, as a result of which she shunned him and they lived apart for some time, thereby occupying the same house.

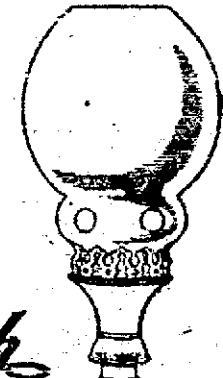

The defendant is a prosperous oil producer, owning a lease on 200 acres of land in Spencer township, from which is produced 100 barrels a month; also half of a lease of nearly 200 acres in Sandusky county which makes 28 barrels of oil a day. Besides this he has other property and money the amount of which she does not know. She says he has threatened to dispose of his goods and she fears she will be left destitute, and she therefore includes in her petition a request that the Backeye Pipe Line Company and the Ohio National bank be restrained from
